Questions	Comments
What did you like about the teaching material?	linked new language to currently known languages by audience. Spoke about back end info i.e. dependencies not just syntax.
What did you like about the trainer's approach?	Good Humor used. Clear clear slides. Nice conversational teaching approach. Answered very difficult questions very well.
What have you learned?	How to share & use the landscape of GO. A new language has been learned. Programming language problem solving were linked with the lab. Methods of presenting info from use in my masterclass.
Is there any aspect that you would have liked to include in your own teaching?	Conversational / casual approach to presenting. Clear materials that were detailed and concise. Simple lab setup.
What could have been improved?	More focus on underlying system elements such as '==' and '!='. More exposure to source code.
General Comments	
Great Job, Really well done! I was struggling to think of things to improve as it went well. You handled difficult questions from both really well.
